# GXT190i

Micro Ventilation Window

## Opening Types

### Whole Undivided Glass Pane

It offers a crystal-clear, boundless view, making the outdoor scenery the most lively indoor artwork.

### Motorized Roller Screens

Smart and convenient control with invisible, aesthetic storage, delivering multi-protection (mosquito-proof, safety, and sun-shading).

### 360° ventilation

Ensures full, unobstructed air circulation, effectively purifies the air, and maintains balanced temperature and humidity throughout the space.

### Glass Railing

Indoor glass railings offer robust safety without compromising the clear, open view.

### Frame&Sash Seamless Weld

Stronger structure, cleaner and more streamlined appearance.

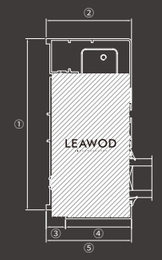

### Multiple control modes

Supports multiple control modes including buttons, mobile app, and remote control.
